Downtown Hampton CHILD DEVELOPMENT CENTER

What a year!

"To nurture young children by providing affordable, quality preschool programs that develop the 'whole child' and foster school readiness." Our mission is so important! From our smallest babies, to our children turning five and going off eagerly to kindergarten; we are doing our best to enable each child's social, emotional and educational capabilities. It takes a significant number of community partners to accomplish our mission each year. We are thankful that each and every individual, organization, company, church or corporation that pitches in with money, detergent, muscle, books, counsel and other in-kind

make our programs possible.

donations to support our vision of "real education."

We continue to be a partner with Hampton Roads Community College in its combination of warmth, security, and high-quality preschool education.

Preschool Initiative to ready at-risk 4 year olds for "real education." parents have told us that DHcDC is unique in its combination of warmth, security, and high-quality preschool education. At the beginning of our new fiscal year, Heather Livingston can't be called "new" anymore since she joined us in July 2014. We are as excited to have her as she is excited to be here at the helm of our Center. She, our teaching staff, other management, and our Board of Directors promise to do their best to make sure our programs and promise of affordable, quality preschool programs – and all of our wonderful children - flourish for years to come.

Thanks again for all you do to support our children and our programs.

- Jakari's Dad

"I'm excited for Ella moving on to start her next journey, but I'm equally sad to say "good bye". She has grown immensely socially, emotionally, cognitively and demonstrates that she is ready for Kindergarten."
