It's Water, Lets Play!

There's a lot going on during playtime. We are learning how things work and what our role is in making things work. During play we are teaching our children that they are loved and that they are important. So this Winter the Pooh's are going to be playing A LOT! We are going to have fun learning about snow, ice and water. We are going to learn about different animals and how they live during the Winter.
